

I Will Come

© **Dave Foster 1998 Todos Santos Music**

I will come to you with a heart that's made of stone
You come and break it. You make my heart your own

Come my God and break me. I need to be set free
From my sin, for your glory. Your love has captured me.

And I long to see Your face
See You in that quiet place
In Your arms.

Jesus, I need you
Jesus, I love you
