Could you remind me?
C                               Am
You've been faithful in my weakness, Father, your love
               F, Fm                   C        G
Overwhelms my soul, I'm learning to need you.

I cry out your name
